

Airdri

Hand Dryer Design & Development
Eynsham, Oxfordshire

Details

Size: 600 Sq M

Value: £27K

Duration: 3 Days

The Brief

Meridian Office Furniture was involved in this exciting commission to convert Airdri's first-floor warehouse space into a fully functioning open-plan office, following on from the full redesign and refurbishment of the space by our sister company Meridian Interiors.

Project Scope

- Space planning & design
- Project management
- Electrics & data cabling
- Acoustic insulation
- Fire & sound partitioning
- Office furniture

Group Companies Involved

- Meridian Office Furniture Ltd
- Meridian Interiors Ltd

Our Solution

After a significant reconfiguration of the old warehouse environment to create an open-plan office, kitchen/WC areas and server room, Meridian Office Furniture then worked with sister company Meridian Interiors to revise the original space plans and maximise the opportunity for future expansion.

The space was re-planned to allow for a potential 6 additional workstations, but without any change being required to the electrics/cabling. The £27K office furniture fit-out – with the provision of desks, chairs, cupboards and meeting tables – was completed in just three days.
